Sampling:

There will be NO sampling of products for the summer of 2022

Each Vendor will use only new, unused bags for bagging sold products.

Price Setting:

The Storm Lake Farmer's Market does not set prices but expects all vendors to work together to provide a fair market price to all customers and to maintain prices in line with other vendors.

- Lower quality products offered at a reduced price have the potential to reflect poorly on the market and would be better for personal use or consumption than offered for sale.
